FULL STACK DEVELOPER

As a Full Stack Developer, I derive great satisfaction from collaborating with others and approach every challenge as an opportunity for growth. I have a genuine enthusiasm for learning new things, and I eagerly embrace each obstacle as a chance to expand my knowledge and skills. Possessing strong problem-solving abilities, I am adept at turning concepts into tangible solutions. Driven by a deep passion for technology, I am excited to apply my skills and continue to grow as a developer.

WEB DEVELOPMENT PROJECTS

Huddle

- Huddle Landing Page is a React and Styled-components project that deepened my understanding of React while honing my UI/UX design skills.

Link: https://huddle-landing-page-styled.netlify.app/

Tech: React Native, Styled-components

PRM (Personal Relations Manager)

- is the power of a CRM and the ease of a Contact Mobile app. Manage your personal network of contacts and companies. Stay on top of what you need to do with notes, todos, and events.

Link: www.theprm.tech/

Tech: Ruby on rails, Ruby, PostgreSQL, HTML, CSS, JavaScript

Code and Create

- A fully responsive, multi-page web app created using HTML, CSS, and vanilla JavaScript. It features a modern design with dynamic content and advanced CSS techniques, enhancing both the look and functionality of the site.

Link: https://yasakura-vanillajs-1.netlify.app

Tech: HTML, CSS, JavaScript

EDUCATION

Le Wagon Tokyo | Web Development

July 2023 - September 2023

Southville International School And Colleges | BS Tourism Management
May 2012 - January 2016

EXPERIENCES

Watanabe Construction Industry Co. (株式会社渡部建設工業)

Scaffolder
April 2016 - January 2020

- Constructed and dismantled scaffolding structures on construction sites, ensuring safety and compliance with regulations.
- Collaborated with site managers and tradespeople to assemble scaffolding for optimal access to work areas.

Construction Foreman
January 2020 - June 2024

- Supervised and led a team of scaffolders, ensuring projects were completed on time and to high safety standards.
- Worked closely with project managers to align scaffolding work with broader construction timelines.
